*Quick Service, Quick Smart*

## EMERGENCY LIGHTING

Council requires Emergency Lighting systems to be tested 6 monthly and 12 monthly to ensure all lights and EXITS are working for the safety of your customers.

## STANDARDS

Depending on your building, there can be slight changes in the Council requirements - give us a ring if you have any questions.

Once set up (at no cost), we will call you, do the check and supply all relevant paperwork to meet you council requirements - FREE - Simple.

**WHANGAREI  
DISTRICT COUNCIL**

We would like to supply this service to you for free. But if there are **REPAIRS** required, there will be a charge. In the 12 month service check we are required to replace any blackened lamps - even if they are still working. (Ask how we can reduce costs here)

You will only be charged for changing the lamps and the time to do it - not the check.
