The Westpac Business Growth Grants is part of our way of helping upcoming Kiwi businesses reach their potential.

If you have ideas and a clear plan to grow your business, then we want to help. It doesn't matter where you are based, which sector or industry you're in.

Here are the prizes we're offering:

- 6 finalist businesses will attend the Nurture Change Business Retreat in Fiji at the Intercontinental, Natadola Bay, Fiji from 4 - 8 September 2019* - to take time out to focus on working on their business with a range of experts and business leaders
- The 6 finalist businesses will also receive expert business mentoring including legal, HR and accounting advice[^]
- The overall winner will also receive a Growth Grant valued at \$50,000 (including \$40,000 cash[#] and \$10,000 free advertising used in collaboration with Westpac's appointed media agency)

* The six finalists will receive return economy airfares from either Auckland or Christchurch to Fiji (including transfers), four nights' accommodation, food, and free attendance at the Retreat for two people. You will be responsible for any additional costs, including the costs of alcohol, changes to flights or accommodation, and the costs of travel to either Auckland or Christchurch airport.

[^] Where an in-person consultation is not practicable, a phone consultation will be held with the applicable consultant instead. Sessions must be used within six months from the date the finalists are announced on westpac.co.nz/growthgrant. Westpac does not endorse the advice given during the consultation and encourages finalists to obtain further independent professional advice if necessary.

[#] Please note that, if you win, you'll need to have a Westpac bank account (if you don't have one already) for the \$40,000 to be deposited into.
